

## **UEC Photo Club Featured Photographers**

The monthly Featured Photographers program will give members of the club an opportunity to show his/her work to the rest of the club for feedback and critique. The Featured Photographers will have a short bio, portrait and some of his/her photos featured in the club's newsletter and on our website.

Each POM will have 5 minutes in which to show between 1-5 images. If desired, the POM of the month may solicit feedback from the rest of the club. In order to make sure that everyone scheduled has a opportunity to show their work, the time limit will be strictly enforced. Please do not be offended if you are reminded that your time is up. You do not have to show just your best work. Feedback on work that "isn't quite what I had in mind" is probably more useful in improving your photography skills.

Slides or digital images may be shown. Please bring your images in on a flash drive or CD. Give them to Govind (our technical coordinator) before the start of the meeting. He will load them on the computer so they are ready for viewing. He will not load any more than 5 images, so do not bring in any more than that.

Images should be sized for digital projection: 1024x768 at 100dpi. Other sizes will not project your image in the best manner.

**If you are unable to make the meeting in which you are to be the featured photographer, please contact Mary Dumont as soon as possible so that someone else may have an opportunity to show his/her work.**

There will be no featured photographer the months of our annual club contest and portfolio review.
